

CONSUMER PORTAL

Mobile App

Making it easier for members to manage their pharmacy benefits.

With the MedImpact consumer portal and mobile app, your members can access the tools and info they need to make healthier, more informed choices. Here's how.

Pricing, Savings, & Adherence

See prescription drug information and find ways they may be able to save money.

- View past price paid for a current prescription drug
- View fill history for a current prescription drug
- See upcoming refills
- Identify new prescription drug price
- Review cost-savings options*

Free Prescription Home Delivery

In one seamless experience, members can get their prescription drugs sent to their door through Birdi.

- Transfer or refill prescriptions
- Free standard shipping or rush options
- Review estimated copay
- Check delivery status
- Set reminders and alerts via text, phone, or call

Convenience

MedImpact offers convenience at their fingertips.

- Print/access ID card
- View/update account information, password, & email
- View prescription history
- Manage dependent accounts when authorized
- Set communication preferences

Benefit Highlights

Understand more about their benefit plan.
